was known to any individual designated in 37 C.F.R. § 1.56(c) more than three months before the filing date of this Information Disclosure Statement.

Although the Examiner has cited the English language abstract for Japanese Publication No. 3-13576 in the instant application, no English language translation listed in this Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application, and no English language translation listed in this Information Disclosure Statement was known to any individual designated in 37 C.F.R. § 1.56(c) more than three months before the filing date of this Information Disclosure Statement. A copy of the listed document is attached.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and Applicants determine that the cited document does not constitute "prior art" under United States law, Applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.
